Land and Emergency Management (5105T)  
Washington, D.C. 20460

**Publication Number:** EPA-560-F-21-146  
**Publication Date:** May 2021

## **Overview of the EPA Brownfields Program**

EPA's Brownfields Program empowers states, communities, and other stakeholders to work together to prevent, assess, safely clean up, and sustainably reuse brownfields. A brownfield site is real property, the expansion, redevelopment, or reuse of which may be complicated by the presence or potential presence of a hazardous substance, pollutant, or contaminant. The Small Business Liability Relief and Brownfields Revitalization Act of 2002, as amended by the Brownfields Utilization, Investment and Local Development Act of 2018, was passed to help states and communities around the country clean up and revitalize brownfield sites. Under this law, EPA provides financial assistance to eligible applicants through five competitive grant programs: Multipurpose Grants, Assessment Grants, Revolving Loan Fund Grants, Cleanup Grants, and Environmental Workforce Development and Job Training Grants. Additionally, funding support is provided to state and tribal response programs through a separate mechanism.

## **Assessment Grant**

*\$600,000*

EPA has selected the North Side Industrial Development Company for a Brownfields Assessment Coalition Grant. Coalition grant funds will be used to complete a site inventory and select sites for assessment, conduct 14 Phase I and 14 Phase II environmental site assessments, and complete four cleanup plans. Grant funds also will be used for community engagement, including 12 coalition meetings and 12 public meetings. Coalition partners are the Urban Redevelopment Authority of Pittsburgh and the Redevelopment Authority of Allegheny County.

For further information, including specific grant contacts, additional grant information, brownfields news and events, and publications and links, visit the EPA Brownfields Web site (<http://www.epa.gov/brownfields>).
