**Publication  
Number:** EPA 560-F-23-329  
**Publication  
Date:** December 2022

### Overview of the EPA Brownfields Program

EPA's Brownfields Program empowers states, Tribal Nations, communities, and other stakeholders to work together to prevent, assess, safely clean up, and sustainably reuse brownfields. A brownfield site is real property, the expansion, redevelopment, or reuse of which may be complicated by the presence or potential presence of a hazardous substance, pollutant, or contaminant. The Small Business Liability Relief and Brownfields Revitalization Act of 2002, as amended by the Brownfields Utilization, Investment and Local Development Act of 2018, was passed to help states, Tribal Nations, and communities around the country clean up and revitalize brownfield sites. Under this law, EPA provides financial assistance to eligible applicants through five competitive grant programs: Multipurpose Grants, Assessment Grants, Revolving Loan Fund Grants, Cleanup Grants, and Brownfields Job Training Grants. Additionally, funding support is provided to state and tribal response programs through a separate mechanism.

Brownfields Job Training Grant funds are provided to nonprofit organizations and other eligible entities to recruit and train unemployed and underemployed residents from communities affected by environmental pollution, economic disinvestment, and brownfields and place them in environmental jobs. Since the program was created in 1998, EPA has funded 371 job training grants totaling over \$79 million through the Brownfields Job Training program. A total of 20,341 individuals have been trained and 15,168 individuals have been placed in full-time careers related to land remediation and environmental health and safety. The average starting wage for these jobs is more than \$14 an hour. This equates to a cumulative placement rate of approximately 75 percent.

### Job Training Grant

*\$500,000.00*

EPA has selected the City of Springfield for a Brownfields Job Training grant. The City of Springfield plans to train 112 students and place at least 70 in environmental jobs. The training program includes 344 hours of instruction in 40-Hour HAZWOPER, OSHA 10, Trenching/Excavation, Confined Space, Lead Renovation, Repair, and Painting (RRP), Lead Abatement Worker Certification Initial, Asbestos

Worker/ Handler, Mold Abatement, Flagger, Bloodborne Pathogens, Forklift Driver, Silica, CDL, Hazardous Materials Endorsement, and First Aid/ CPR. Students who complete the training will earn up to three state and 11 federal certifications. The City of Springfield is targeting students within the city, specifically underemployed and unemployed community members, veterans, and people with justice system involvement. Key partners include 160 Driving, C1 Trucking, City of Springfield Department of Economic Vitality, City of Springfield Department of Environmental Services, Community Partnerships of the Ozarks, Drew Lewis Foundation, Environmental Works Inc., Mid-America Safety and Environmental, Missouri Office of Workforce Development and Truck Driving Dynasty Academy.
