Land and Emergency Management (5105T)  
Washington, D.C. 20460

**Publication Number:** EPA-560-F-23-025  
**Publication Date:** May 2023

### Overview of the EPA Brownfields Program

EPA's Brownfields Program empowers states, communities, and other stakeholders to work together to prevent, assess, safely clean up, and sustainably reuse brownfield sites. A brownfield site is real property, the expansion, redevelopment, or reuse of which may be complicated by the presence or potential presence of a hazardous substance, pollutant, or contaminant. The Small Business Liability Relief and Brownfields Revitalization Act of 2002, as amended by the Brownfields Utilization, Investment and Local Development Act of 2018, was passed to help states and communities around the country clean up and revitalize brownfield sites. Under this law, EPA provides financial assistance to eligible applicants through five competitive grant programs: Multipurpose Grants, Assessment Grants, Revolving Loan Fund Grants, Cleanup Grants, and Job Training Grants. Additionally, funding support is provided to state and tribal response programs through a separate mechanism.

### Assessment Grant

*\$1,000,000*

EPA has selected Alamance County to lead a Brownfields Assessment Coalition Grant that will be funded by the Bipartisan Infrastructure Law. Grant funds will be used to inventory sites and conduct 46 Phase I and 20 Phase II environmental site assessments. Grant funds also will be used to develop eight cleanup plans and one reuse plan, and support community outreach activities. Assessment activities will occur throughout the county with a focus on the City of Burlington. Priority sites include three former mill complexes ranging in size from four to ten acres. Non-lead coalition members include the Alamance County Economic Development Foundation and the City of Burlington.

For further information, including specific grant contacts, additional grant information, brownfields news and events, and publications and links, visit the EPA Brownfields Web site (<http://www.epa.gov/brownfields>).
