Publication Date: December 2023

Overview of the EPA Brownfields Program

EPA's Brownfields Program empowers states, Tribal Nations, communities, and other stakeholders to work together to prevent, assess, safely clean up, and sustainably reuse brownfields. A brownfield site is real property, the expansion, redevelopment, or reuse of which may be complicated by the presence or potential presence of a hazardous substance, pollutant, or contaminant. The Small Business Liability Relief and Brownfields Revitalization Act of 2002, as amended by the Brownfields Utilization, Investment and Local Development Act of 2018, was passed to help states, Tribal Nations, and communities around the country clean up and revitalize brownfield sites. Under this law, EPA provides financial assistance to eligible applicants through five competitive grant programs: Multipurpose Grants, Assessment Grants, Revolving Loan Fund Grants, Cleanup Grants, and Brownfields Job Training Grants. Additionally, funding support is provided to state and tribal response programs through a separate mechanism.

Brownfields Job Training Grant funds are provided to nonprofit organizations and other eligible entities to recruit and train unemployed and underemployed residents from communities affected by environmental pollution, economic disinvestment, and brownfields and place them in environmental jobs. Since the program was created in 1998, EPA has awarded 414 job training grants totaling over \$100.5 million through Brownfield Job Training Programs. With these grants, more than 21,500 individuals have completed training and over 16,370 individuals have been placed in careers related to land remediation and environmental health and safety. This equates to a cumulative placement rate of approximately 75 percent. The average starting wage for these jobs is more than \$15 an hour.

Job Training Grant

\$500,000.00

EPA has selected the North Side Industrial Development Company for a Brownfields Job Training Grant. The North Side Industrial Development Company plans to train 155 students and place at least

116 in environmental jobs. The training program includes 108 hours of instruction in 40-Hour HAZWOPER, OSHA 10-Hour, Green Infrastructure, Asbestos Awareness, and Fieldwork. Students who complete the training will earn up to two federal certifications. North Side Industrial Development Company is targeting students within the City of Pittsburgh, specifically the lower-income minority neighborhoods of East Hills/Homewood, Garfield, Hazelwood, the Hill District, and Perrysville /Fineview. Key partners include Allegheny County, City of Pittsburgh, Pennsylvania Department of Transportation, Urban Redevelopment Authority of Pittsburgh, Master Builders Association of Pittsburgh, Partner for Works, Trade Institute of Pittsburgh, Cosmos Technologies, Rising Tide Partners, Amani Christian Development Corporation, Garfield Development Corporation, Hazelwood Initiative, Hill District Community Development Corporation, Operation Better Block, Perrysville /Fineview Development Corporation, Pittsburgh Hispanic Development Corporation, POORLAW, and Trade Institute of Pittsburgh.
